# A hard day's night

```
          It's been a hard day's night  and I been working like a dog
(G7 Sus4)              G    C9    G                     F              G
It's been a hard day's night I should be sleeping like a log
              C9    G                      F              G
But when I get home to you  I find the things that you do
          C                             D
Will make me feel alright
          G  C9  G

You know I work all day  to get you money to buy you things
          G   C9   G                   F              G
And it's worth it just to hear you say you're gonna give me everything
                        C9        G                   F           G
So why on earth should I moan  'cause when I get you alone
          C                             D
You know I fell  ok
          G     C9 G

When I'm home everything seems to be right
          Bm     Em                      Bm
When I'm home  feeling you holding me tight, tight  ( yeh )
          G       Em                      C       D
    It's been a hard day's night and I been working like a dog
              G    C9    G                     F              G
    It's been a hard day's night I should be sleeping like a log
              C9    G                      F              G
    But when I get home to you I find the things that you do
              C                             D
    Will make me feel alright
              G    C9   G
